SCANDINAVIAN INSPIRED BATHROOM

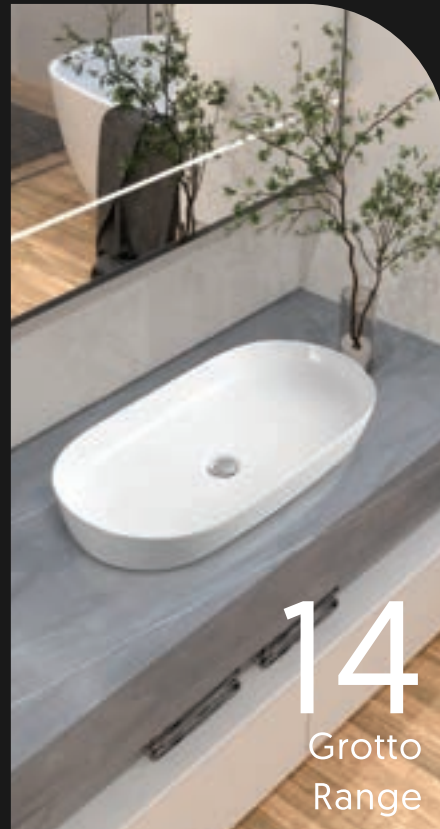

WE TOOK A FRESH LOOK AT LUXURY

The opulence of luxury has shifted to minimalism in a more sustainable world. A fine blend of functionality and fashion that respects your aspirations is helping break the traditional design & mould of bathroom and kitchens. Grotto grasped these changing global trends in the early years and fine tuned its Scandinavian minimalistic design interpretation around its brand philosophy of LESS IS MORE.

GROTTO[®]
the art of water

GR-31901-MC | GR-51802-BK

IT'S SO SIMPLE, IT'S SO DIFFICULT

The art is, at what point to stop where opulence stays relevant to the aesthetics of premium lifestyle seeking households. An appreciation of how bathroom architecture flows and weaves itself into personal open spaces with minimal hindrance aided by Scandinavian design inspirations is the essence of Grotto.

CULTURE OF MINIMALISM TAKES ROOT IN INDIA

Grotto pioneered the sustainable concept of Scandinavian lifestyles in a country like India. What looks like minimalism is actually deep respect for personal space and keeping it efficiently simple. Premium households in India are beginning to see merit in this proposition – why clutter when an alternate style of luxury presents itself.

This acceptance of the GROTTO philosophy has resulted in a pan India channel partnership catering to a new age lifestyle in every city that starts and ends with LESS is MORE!

SCANDINAVIAN DESIGN AND MODERNISM IS WORLD ACCLAIMED

What propelled Scandinavian style to international prominence was its deep lineage with form and functionality of every-day furniture and a heavy emphasis on the experience of living at home which was one's natural habitat.

Today, Scandinavian style globally continues to influence design fields encouraging architects and designers to factor in the role of the human in design.

SCANDINAVIAN TEMPLATE FOR BATHROOMS

Monochromatic colour schemes anchored in minimalist settings are a common combination in Scandinavian design. Black accents, modern brass and copper fixtures propped against a stark white back ground lends warmth while helping to define the bathroom's Scandinavian influence.

GROTTO HONOURS ARNE JACOBSEN

There were many pioneers of the Scandinavian design movement such as Alvar Aalto, Verner Panton and Eero Arnio. But the most influential was Arne Jacobsen who emphasised function over form but he did not neglect form once function had been well settled.

Jacobsen was the master of simplicity and was responsible for world famous 'Series 7' chair and the famous 'Egg Chair, an iconic design of smooth flowing lines.

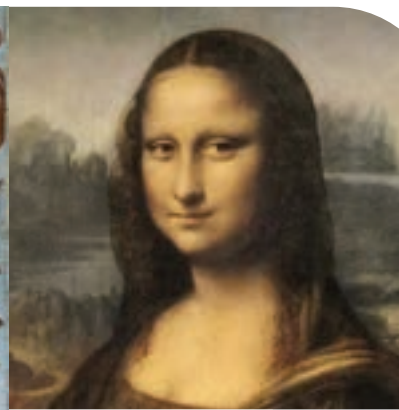

RENAISSANCE OF SCANDINAVIAN DESIGN THOUGHT

Scandinavian Renaissance influenced future thinking

Scandinavian art & culture was influenced by Flemish architecture. Much of the Neo-Renaissance to be found in the Scandinavian Viking art is characterized by dynamic geometric design of considerable complexity and sophistication with outward appearances of minimalism.

The democratic designs of Scandinavian minimalism

These designs evolved into highly functional and effective styles without any heavy elements, being described as 'fairly minimalist'. The concept of "simple things make life beautiful" was highly regarded as a Scandinavian design thought. The democratic design process is the appeal to wider audiences with design inspirations that are accessible to all. Grotto designs reflect this evolved philosophy of 'graceful minimalism'

BENEFITS OF MINIMALISM

ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE.

The KonMari Method to decluttering your home takes tidying to a whole new level, promising that if you properly simplify, minimalise and organize your home once, you'll never have to do it again. Enjoy the unique magic of a tidy minimalist home—and the calm, motivated mindset it can inspire.

THE BEST-SELLING PHENOMENON FROM JAPAN THAT SHOWS US A MINIMALIST LIFE IS A HAPPY LIFE.

The author shares how the new minimalist movement can not only transform your space but truly enrich your life. The benefits of a minimalist life can be realized by anyone, and Sasaki's humble vision of true happiness will open your eyes to minimalism's potential.

THE GROTTA LEGACY

Definition

grot'ō, n. a cave: a place of shade, for pleasure - also Grot: - pl. Grott'os - n. Grott'o - work, a **grotto** - like structure. [It. grotta [Fr. grotte]—L. crypta—Gr. kryptē, a crypt.]

Origin

The word '**grotto**' reflects natural small caves near spring-fed waters and served as simple public baths. Small minimalistic suites of intimate rooms laid out around a grotto and a covered balcony allowed courtiers to bathe in the small cascade that splashed over the pebbles and shells encrusted in the floor and walls.

Technology

Grotto technology is based on the fundamental principles of 'simplicity is the ultimate sophistication'. With state-of-the-art technologies from various continents blended into a marvel of concise engineering, our elite consumers pandered with the benefits of pure aesthetics with hidden technologies at work.

Sustainability

Grotto India is committed to sustainable living by vigorously implementing water saving design technologies. Our sustainable practices support ecological, human and economic health and vitality. With finite resources, we are working towards creating resilient communities for generations to come.

Philosophy

Grotto ensures the core senses of a person come together in eternal harmony, synchronised with both... body & soul.

CLEANSE • TOUCH • AWAKEN • SPACE • PERSONA • REJUVENATE.

SIMPLY SCANDINAVIAN

- THE GROTTA LEGACY SPREADS ITS WINGS

FROM INSPIRATION TO CULMINATION

THE JOURNEY OF A GROTTO PRODUCT

STUDIO GROTTO

The inspiration of Scandinavian philosophy permeates the DNA of the Grotto design team. The task is not to lose the authenticity of minimalism while exceeding expectations of elite and premium homes in India. The core design philosophy remains ultra modernism bundled with classic neo-lines that lend form which stays relevant and functional through multiple style trends.

CULTURE PULSE

Grotto's thought task-force is ordained with understanding consumer evolution worldwide, changing habits and tastes with technology being the hidden driver and what the global fashion trends by the design gurus sets in motion. Grotto collates the nuances from the best of the world and never runs out of style and that's definite!

MACHINE CRAFTED

The complexity of technology simplified for consumers results in hands free automated AI & CNC controlled machines that have precision perfected to an art. Only Grotto products that can exceed world standards and stand tall amongst global competition exits the doors of our plants. We did not mention hawk eyed tough quality inspectors who treat every product like their own.

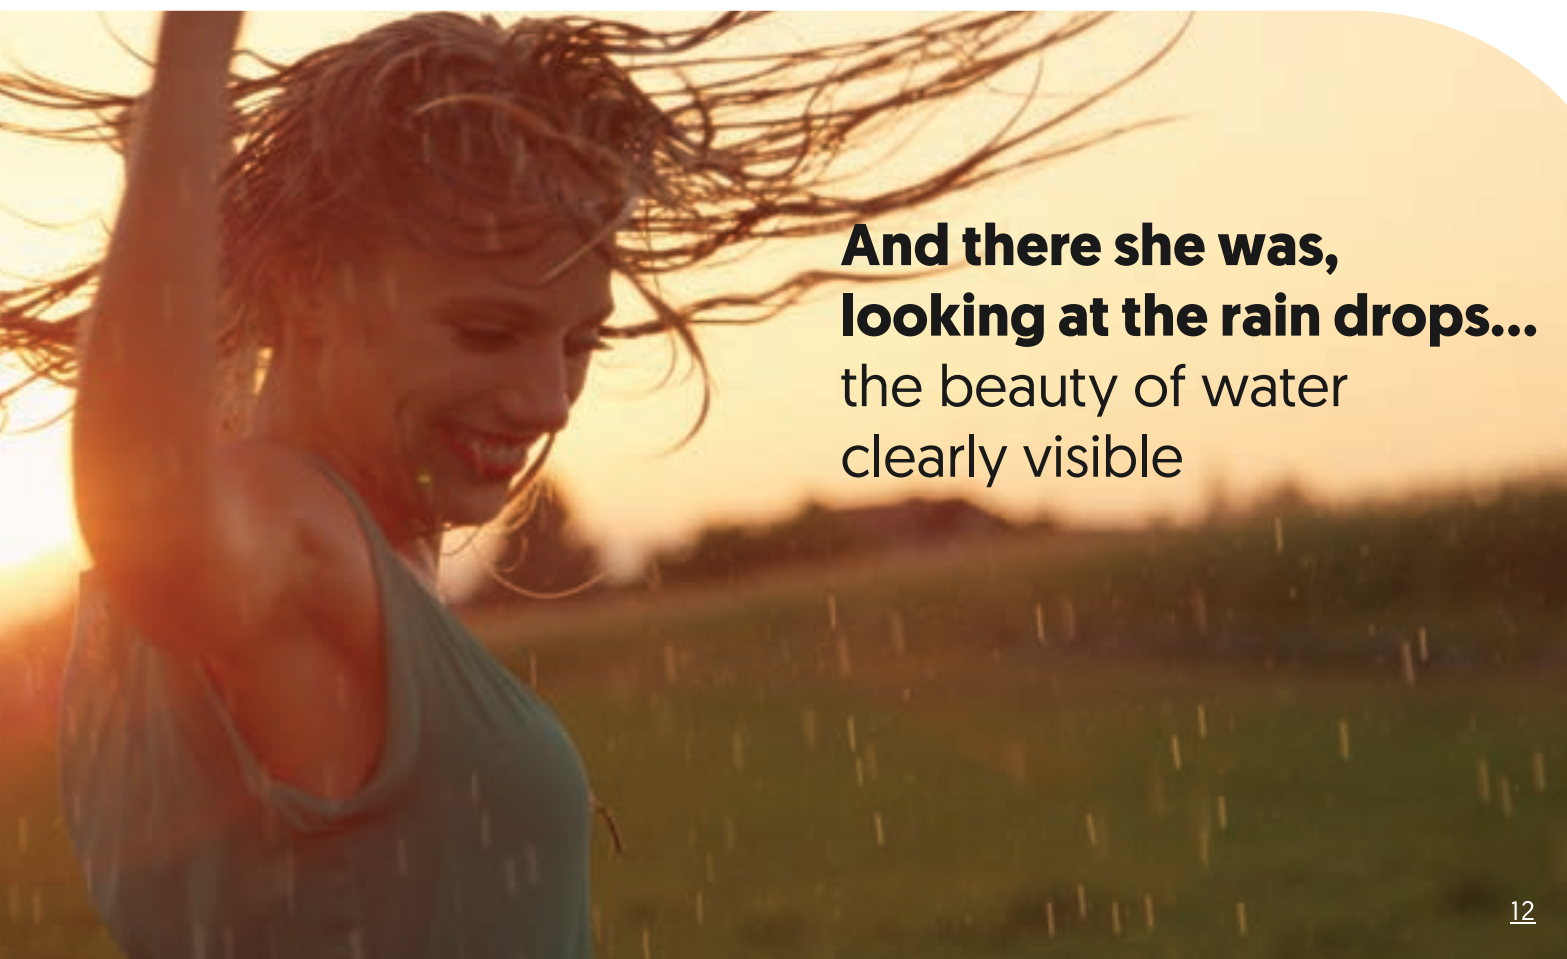

MATERIAL'S PASSION

Our beautiful earth throws up unexpected materials which get converted to stunning artifacts. From Vitreous China to glass and enamelled cast iron to brass, Grotto has mastered the art of tempering and moulding the hardest materials transforming them into passionate works of pure delight.

GROTTO DESTINATION

The Grotto journey is only complete when its brilliantly crafted intelligent products enhance lifestyles of homes that appreciate the uniqueness of 'Less is More'. The comprehensive collection suite managed by Grotto through its smart business channels stunningly complements your sense of beauty, aesthetics and minimalism. Naturally, your new journey of discovery and space starts now.

TECHNOLOGY

AND THE ART OF DISCIPLINING WATER

Technology should not be seen - only experienced

Even though Grotto lays a lot of emphasis on design, form and aesthetics, its real time resource investment is ensuring the best world-wide technology and processes are built deep into every product thus blending functionality with form for the ultimate luxury experience.

From intelligent toilets and frictionless inclines to designed flow pressure of water and from materials that last a lifetime to electronics that take care of hygiene, there is technology in every nook and cranny of a Grotto bathroom. And everyday, we weave in more technology to make life simpler and more enjoyable. Our smart controlled Thermostats are designed around backend regulatory mixer technology while showers, water jets and even faucets have unique water flows that work to your moods.

Extensive use of design and manufacturing tools from automation to robotics ensure we are delivering products that are transforming how you live and interact with your bathroom.

SHOWERS CAPTURE
THE STILLNESS OF DROPS
THAT LASTS FOREVER

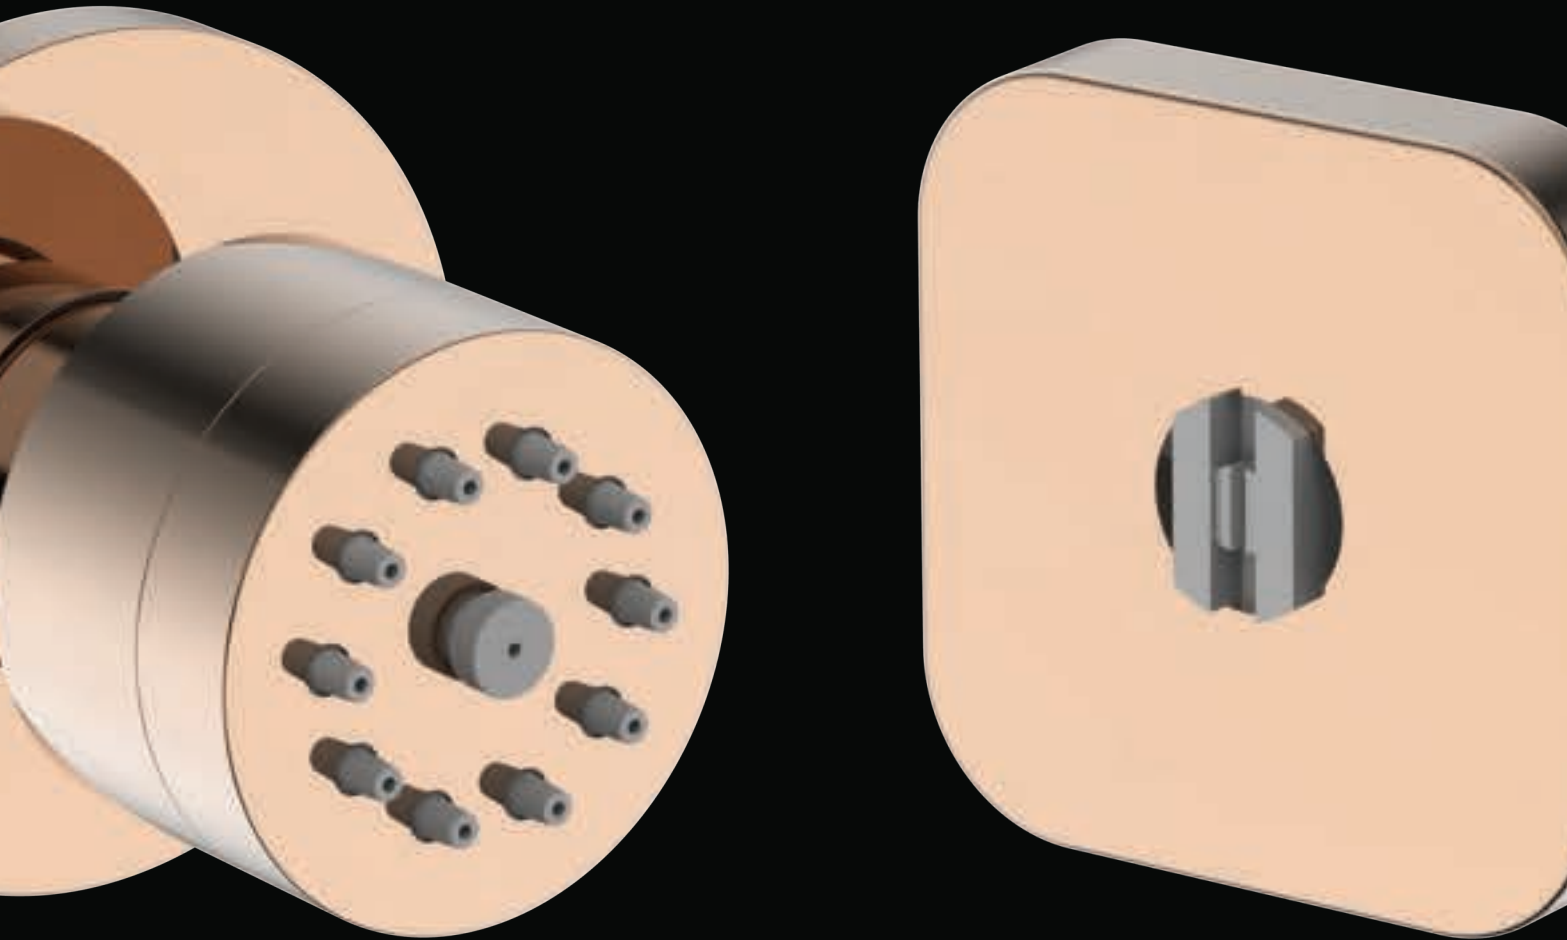

THERE IS SOMETHING CALLED THE BEST SHOWER IN THE WORLD

GROTTO BODY SPRAYS

Invigorating spray is like the subtle hand of your personal masseuse.

In India, Grotto redefines what showers used to be. The Body Spray blends thinking technology with high-volume directed sprays to heal mind and soul. The delicate sprays are designed on finger massage movements, rhythmic and slow, building up to a crescendo converting your bath into a transformative spa. Imagine life like this... everyday!

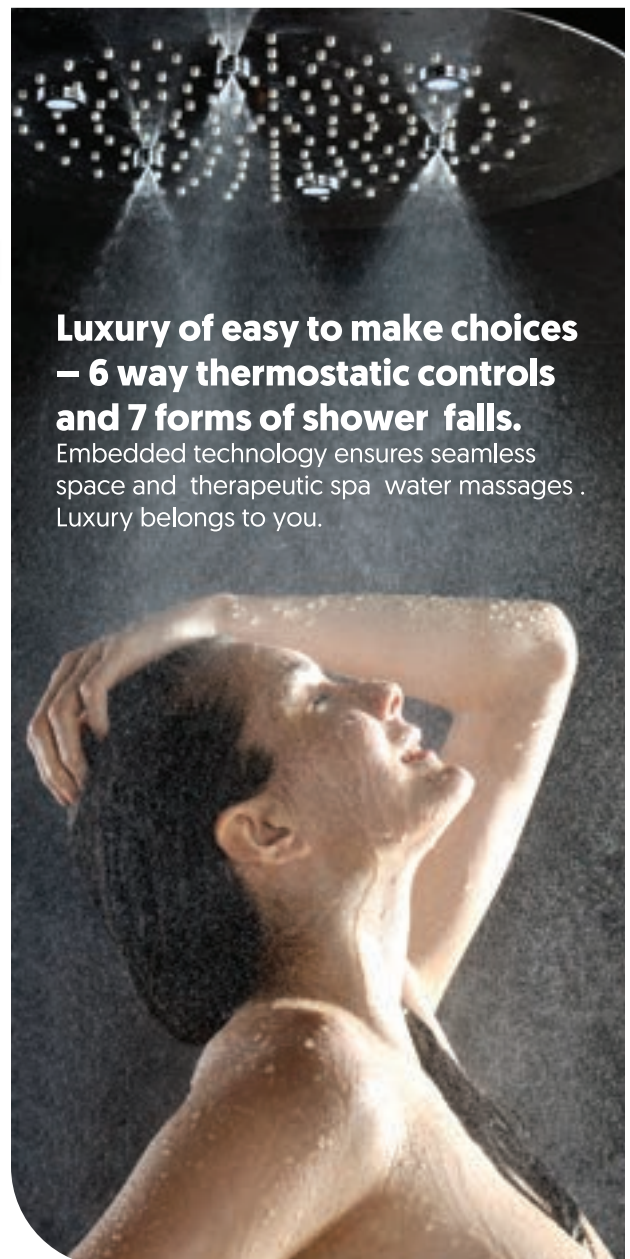

The delicate spray patterns, catering to different preferences are induced through intelligent nozzles which are fully adjustable to focus on body areas or muscle groups that need rejuvenation and therapeutic attention. Step into your shower and walk out a new person.

IT'S AMAZING HOW MUCH TECHNOLOGY INTERACTS WITH WATER FOR THE ULTIMATE SHOWERS

Grotto thermostatic valves are in a class by themselves. Inspired as always by Scandinavian minimalism, the compact yet luxury range of thermostats are crafted into precision cylinders with sensuous designs that seamlessly blend into the wall scape.

The Grotto range bears its signature quality style with sophisticated long-lasting technology just to ensure a shower experience that is unique to you.

GROTTO INTELLIGENT CONTROLS: Welcome to the luxury world of minimalistic push-button baths for ease of operation. Push to start, preset water volume, use the hand & head shower together, switch shower modes and more... think of it as a symphony driven by your finger tips.

**Luxury of easy to make choices
– 6 way thermostatic controls
and 7 forms of shower falls.**

Embedded technology ensures seamless space and therapeutic spa water massages. Luxury belongs to you.

Have you decided your shower style today

The twist of a button, the jet or shower type or hot & cold water – a different choice every time

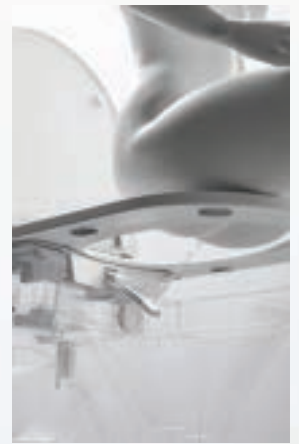

GROTTO INTELLIGENT TOILET SEAT

*transforming a daily ritual into a gentle
water cleansing system.*

Introducing Japanese clean technology toilet seats that will change your daily ritual experience forever. At the core of our intelligent system is the purity of a warm water cleansing delightful moment. Superior hygiene with gentle and more thorough cleaning is the result of innovative features like warm water cleanse, a surround warm-air drying technology and extended water spray arms – all at the control of your finger tips.

With remote sensing light options for night use and other customizable features, you will discover the perfect balance of pressure and temperature that elevates your personal care routine.

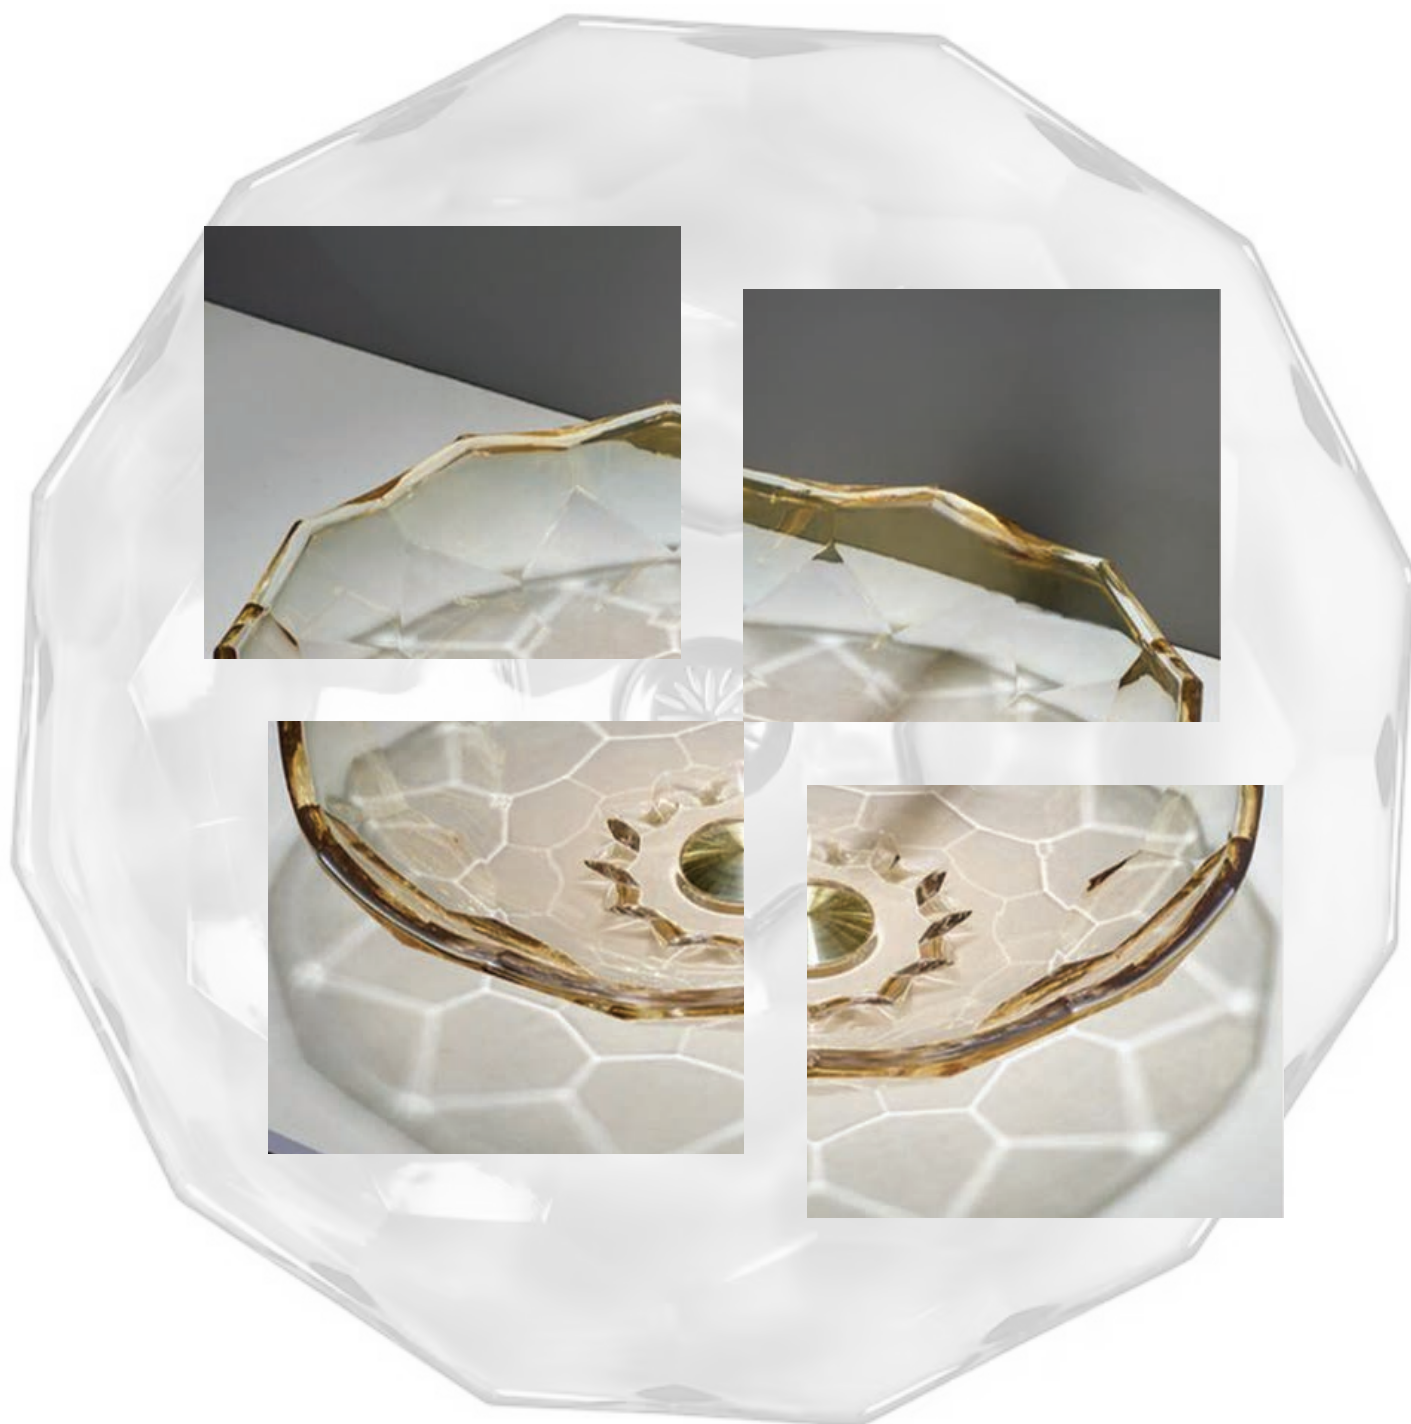

**THE DEEP SENSE OF CLEANSING
SHOULD ALWAYS BE
TRANSPARENT**

The art of crafting glass is a science in itself. The traditional Scandinavian process of painstaking slow-blow moulding to modern transparent tempered glass wash basins exiting sophisticated machines retains the heritage of minimalistic stylish and classic finishes.

Premium tempered glass basins are deep - scratch resistant to external pressures and highly durable retaining its sheen and transparency. It thus blends strength with a delicate touch to your timeless classic enriched lifestyle.

THE FUNCTIONAL SPIRIT OF POMBALINE

This style eliminates all extraneous decoration and imposing a rational soberness on the viewer. It reflects an illuminist spirit and strong neoclassicism Scandinavian character, even without classical architectural shapes. Reflecting the Portuguese Renaissance during the 15th and 16th centuries, it is considered by many to be a part of the Renaissance, which is a broader movement that occurred throughout Europe and Scandinavian countries.

EXHIBITION

THE CLASSIC MINIMALISM IS IN VOGUE

The human interface with the mechanical world underwent a dramatic change post Covid. Enjoying the present moment for life became the mantra of less is more. Suddenly a simpler and more minimalistic lifestyle was in vogue where pleasures of living was in the small details and opulence was redefined as the luxury of space.

The Grotto bathroom collection taps into the new world order as it reviews its design architecture for the new generation of classic home makers. From water efficiencies to hidden new-age technologies and from new materials to the art of blending water to your evolved lifestyles, our new range has the answers for a demanding new society.

THERMOSTATIC DIVERTOR

experience technology that keeps water temperature constant

While showering, constant attempts to fine tune water temperature between hot and cold water is time consuming and stressful. The Grotto new age thermostatic shower valves manipulate sophisticated technology using passive techniques in mixing cold and hot water. As a result, you will not experience any change in shower temperature right through the duration of your bath.

HOW YOU BENEFIT

- Consistent water temperature
- Limiters prevent hot water burn
- Stress free beginning to a day
- Optimal energy use reduces costs
- Water regulation saves water

SHOWERS

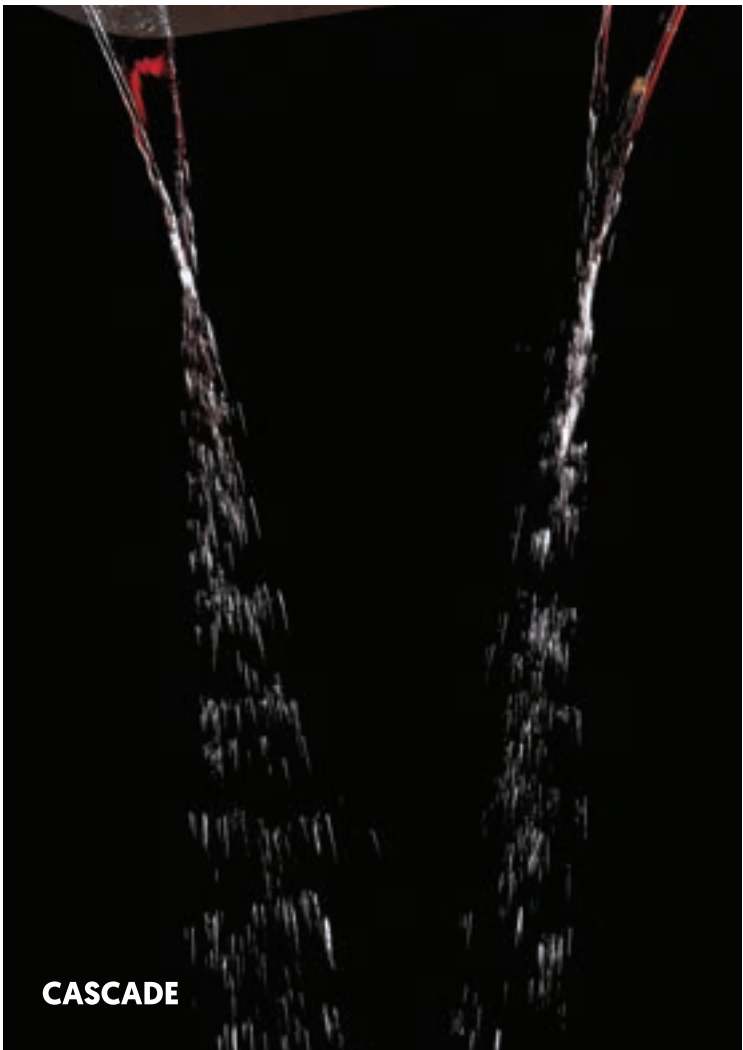

The science of water drops

The new generation Grotto premium showers are designed for invigorating bathing experiences. The technology around nozzles and spray patterns provides a range of shower options that are unique to you.

Built around exceptional toughness using materials that withstand the impact of water on metal, the in-built nozzles lend pressure, precision and serenity to water flows.

The GROTTO showers are tailor made for your bathing style and range from fixed to handheld models, rain showers, dual units, high-pressure systems, low-flow types, filters and other intelligent options, especially when used in conjunction with our advanced thermostatic mixers.

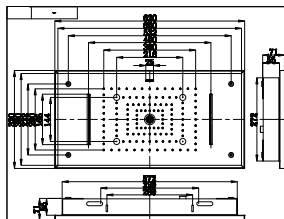

WELL, YOU MAY NOT BE IN THE RAIN FORESTS BUT DO NOT LET THAT STOP YOU...

GROTTO[®]
the art of water

GR-11100-30-BL

A photograph of a bathroom shelf. On the left is a white, ribbed ceramic pot containing a green leafy plant. In the center are two neatly folded white towels. On the right are several bottles of toiletries, including a white bottle with a pump dispenser and a box labeled 'CottonPur'. The background is a wall with vertical wood slats. A white banner with black text is overlaid on the right side of the image.

GROTTO[®]
the art of water

A dark, moody photograph of a spa area. In the foreground, a white, curved hot tub is partially visible on the left. The floor is made of dark, polished stone tiles with light-colored veining. A patterned rug with shades of blue and green is laid out on the floor. In the background, a metal ladder is visible against a dark wall. The overall atmosphere is serene and minimalist.

AN ODE TO WELLNESS, SPA AND MINIMALISM

Grotto bath tubs are conceptualised around the principles of Scandinavian minimalism. Before you even tip your toe into the water, the overwhelming feeling of water therapy will commence the body rejuvenating process. Go further and slowly relax in your personal spa sanctuary as you commit yourself to the state of tranquillity and wellness.

Style meets ergonomics in materials ranging from stone resin to vintage clawfoot tubs.

Pombaline
BASINS

GROTTO'S LISBON CITY ART COMES ALIVE IN CURATED BASINS

Tiles, Basins, Colours and Mixing

Azulejos art required a special kind of ink that can withstand a few thousand degrees Fahrenheit. At high temperatures, the true colour of the ink is revealed. The ink is extremely concentrated in its natural state. So before painting, the ink needs to be mixed with a lot of water to get the correct shades desired. After the basins or tile are painted, they are baked at 1020° in a kiln to get a shining look from the melted glaze and colour pigment.

THE FUNCTIONAL SPIRIT OF POMBALINE

This style eliminates all extraneous decoration and imposing a rational soberness on the viewer. It reflects an illuminist spirit and strong neoclassicism Scandinavian character, even without classical architectural shapes. Reflecting the Portuguese Renaissance during the 15th and 16th centuries, it is considered by many to be a part of the Renaissance, which is a broader movement that occurred throughout Europe and Scandinavian countries.

GR-51301-CP

CONTEMPORARY & COSMOPOLITON FAUCETS

DESIGNS THAT MINIMISE BASIN CLUTTER

The aesthetically rich and contemporary brass and stainless steel Grotto faucets are designed to enhance your bath & kitchen water zones. Our faucets come in four different finishes Chrome, Black, ORB, and Gold. The extensive range has been crafted from the highest grade stainless steel which is resistant to corrosion and rust. Grotto faucets are engineered tough to last a lifetime of daily use without compromise. The body, spout and lever are precision integrated to fit perfectly into various shaped basins and sinks.

A blend of simple straight and slim lines with the perfect balance of sublime styling provides deep solidity to our faucets. The range of finishes and styles seamlessly integrate themselves with all kinds of ambiances thus becoming part of the exclusive ambience.

Truly , the Grotto range complements your style and personality.

The sensuous touch of **GOLD**

Grotto's new international range of faucets rise like a phoenix from the basin upwards with its lithe shadow and long-reach spouts encompassing a wide swathe of the basin ensuring your hands are never out of reach of luxury.

Soft, seamless, swivel hand movements manage the cascade flow of water and temperature with one little finger.

IT'S THE NUANCED **BATHROOM ACCESSORIES** **FROM GROTTO** THAT LEND STYLE & ELEGANCE TO LUXURY BATHROOM DESIGNS

Once you have zeroed in on your grandeur bathroom refit and design program, it's the small little accessories that actually lend the finishing touches of class and style to a completed bathroom. Besides enhancing décor, they also play a vital functional role in making a bathroom habitable.

GROTTO BATHROOM ACCESSORIES INSPIRED AS

ART

DÉCOR

ART DÉCOR: Sometimes referred to as Deco, it combined modern styles with fine craftsmanship and rich materials - it represented luxury, glamour, exuberance and faith in social and technological progress. In the late 1920s and the 1930s, the decorative style changed, inspired by new materials and technologies. It became sleeker and less ornamental and more subdued. New materials arrived, including chrome plating, stainless steel and brass. Art Deco is one of the first truly international styles featuring sharper designs, curving forms and smooth, polished surfaces. This form was further modified in the new-age world with the rise of the strictly functional and unadorned styles of modern architecture and designed accessories

GROTTO LIVES IN THE DETAILING OF ART DÉCOR

Bathroom accessories reflecting various shapes and materials are part of GROTTO'S majesty where sturdy voluminous shapes are functionally used and combined with delicate detailing within the same space. This creates a whirlpool of natural soothing visual rhythms especially as the tones are neutral. This style quotient elevates bathroom aesthetics to the exquisite craftsmanship of a higher order.

GROTTO PRODUCTS WILL OUTLAST YOUR BATHROOM

- **FUNCTIONAL EASE OF USE**

Minimal frictional or obstruction points

- **FREE FLOW**

Architecture designed for smooth edges and hand flow movement

- **CHROME**

Specialized finishing process ensures stunning radiance for a royal ambience

- **ANTI-RUST**

Treated and coated with special anti-rust chemicals , it's like new forever

- **METAL-ON-METAL**

Ringlets & hooks built for smooth metallic flow thus preventing scratches

- **INSTALLATION EASE**

Minimal interaction with tiles with sturdy hidden weight bearing hooks

FLOOR DRAINS

Grotto brings you aesthetically designed intelligent drain systems that ensure systematic and methodical drainage.

Crafted from 304 high-grade stainless steel, these drains can withstand solid dirt and grime without losing their luster and retain their glossy finish. The perfect alignment with the drip walls prevents any leaks in the sidewall hence maintaining perfect hygiene standards as far as the floor and drain points are concerned.

KITCHEN FAUCETS

Grotto supports eco-friendly sustainable development and its faucets have been specifically designed to disburse water pressure evenly so that the foam flow has larger coverage area and a relatively softer impact on touch down which reduces water consumption. The large range varies in design styles from classic to the contemporary and complements the collection of Grotto sinks perfectly.

304 HIGH-GRADE STEEL: This superior quality SS is used universally for all Grotto faucets ensuring a smooth finish, long lasting durability and trouble-free cleaning.

INTERNATIONAL SATIN FINISH: This selection exhibits a distinct surface texture with a brushed appearance which makes it exceptionally attractive in its simplicity in addition to being less prone to scratches.

MATT BLACK FINISH: This range is graced with a stylish and sophisticated black finish that makes it resistant to corrosion. Furthermore, the faucets are engineered and designed to blend well with the premium selection of the Grotto kitchen sinks.

CHROME FINISH: This collection owes its radiance to the expert use of chrome in its finishing thus creating a royalty like ambience in your kitchen.

OIL-RUBBED BRONZE (ORB) FINISH: The beauty of hand-finished products impart a deep, rich texture to the faucets giving a designer look to your choice.

SANITARYWARE & BATHROOM FITTINGS LIMITED WARRANTY

GROTTO SANITARYWARE & BATHROOM FITTINGS are made with the best quality materials and world class technology to ensure long lasting durability and operation. However, if under some unforeseen circumstances, a defect emerges in the product, then it will be covered with the below warranty and clauses thereof.

The warranty period commences from the date of purchase from authorized Grotto Partner. The warranty coverage is limited only to defects in material or workmanship and is subject to the below operating processes.

1. The defect must be inspected by a by Grotto Care Personnel who is authorized to repair or replace any defective component or part after technical evaluation.
2. Unit repairs or replacement under this warranty will be made within a reasonable time as determined by Grotto India Private Ltd.
3. The warranty is considered active only if proof of original purchase invoice is provided along with the warranty claims or requests.
4. The warranty will be serviced within the municipal limits or geographic limits where the branch or service franchise is available. If the location falls outside the same, expenses including the transport of product or its spare parts and travel cost of company representative will be borne by the customer.
5. This warranty does not include any state or central taxes, duties, octroi, GST which may be levied on parts or products supplied during the repair.
6. Grotto will not be liable for any damage caused to the product or spare part during transit or handling for repair. Grotto also does not warranty any replacement for damage that is caused by Acts of God.
7. The warranty period will be considered as active only till the end date of expiry of the warranty.
8. No new or fresh warranty will be issued for any replaced product or part used in repair of the product. The original warranty will continue to be in force for replaced products or parts.
9. In the event of non-availability of components or parts due to any reason whatsoever, Grotto will not be liable for any delays that may occur thereof. If the same model or color is not available for the product or part replacement, Grotto will replace the defective product with an equivalent model or color.
10. Grotto retains the right of ownership/possession to any part that may be replaced or exchanged as part of the warranty.
11. The warranty does not cover breakage of the product.
12. The warranty remains valid only if the product has been used in accordance with the instructions specified in the terms of the warranty. The warranty is null and void if the product has been incorrectly installed, improperly or negligently handled, tampered/misused in anyway, exposed to poor quality water or inappropriate water pressures as defined by Grotto. In addition, malfunctions caused due to improper care or cleaning and breakdown arising due to any external reason other than manufacturing defect are also not covered under the warranty.
13. Grotto is not responsible for labor charges, installation or other incidental or consequential costs as may be applicable.
14. Warranty does not cover any consequential or resulting liability, damage or loss to property or life, arising directly or indirectly out of any defect in the Grotto product.
15. This warranty is applicable only for Grotto Sanitaryware and Bathroom Fittings sold in India.
16. The decision of Grotto regarding warranty is final and binding. All disputes are subject to the exclusive jurisdiction of the courts of Delhi only.
17. Grotto reserves the right to amend the terms and condition if necessary.

WARRANTY CHART:

PRODUCT	WARRANTY	
	RESIDENTIAL USE	COMMERCIAL USE
Vitreous China	10 Years	5 Years
Concealed Cistern	10 Years	5 Years
Cast-Iron	10 Years	5 Years
CP Fittings (Faucets, Showers, Drains, Mixers, Divertors)	10 years	5 Years
Electronic components (Sensors, Motor, Pump, Heater, Circuit board)	1 Year	6 Months
Battery for Sensor faucets, urinals	Nil	Nil
Consumables (Spares/ Accessories) Fill valve Assembly, Flush valve Assembly, washer, rubber parts, internal fitting, hinges	2 Years	1 year

CARE AND CLEANING GUIDELINES FOR GROTTO SANITARYWARE & BATHROOM FITTINGS

- Always test your cleaning solution on an inconspicuous area of the product before applying to entire surface.
- Use a soft dampened sponge or cloth to clean, never use abrasive material like a bristle brush or scouring pad.
- In the rare occurrence of stubborn stains on Cast Iron Surfaces, use abrasives/ abrasive cleaners sparingly.
- Wipe surfaces clean and completely rinse with water immediately after applying cleaners.
- Use only warm water to clean gold and other decorative surfaces and wipe dry.
- Do not use cleaners containing ammonia, bleach, acids, waxes, alcohol or solvents . Most toilet cleaning products have highly corrosive chemicals that can damage the product. This will void the warranty.
- Use a mild detergent (such as dishwashing soap).
- Rinse and be sure to wipe the entire surface dry.

The ideal cleaning technique is to always blot dry any water from metal surfaces. Allowing water to evaporate on the metal will form water deposits. It is important to use a dabbing action to dry metal, not an abrasive or rubbing action. Cleaning with a damp sponge and buff drying should keep your sink and faucet looking beautiful and stain-free.

KITCHEN SINKS & FAUCETS LIMITED WARRANTY

GROTTO KITCHEN SINKS AND FAUCETS are made with the best quality materials and world class technology to ensure long lasting durability and operations. However, if under some unforeseen circumstances, a defect emerges in the product, then it will be covered with the below warranty and clauses thereof.

The warranty period commences from the date of purchase from authorized Grotto Partner . The warranty coverage is limited only to defects in material or workmanship and is subject to the below operating processes.

1. The defect must be inspected by a Grotto Care Personnel who is authorized to repair or replace any defective component or part free of cost after technical evaluation.
2. Unit repairs or replacement under this warranty will be made within a reasonable time as determined by Grotto India Private Ltd.
3. The warranty is considered active only if proof of original purchase invoice is provided along with the warranty claims or requests.
4. The warranty will be serviced within the municipal limits or geographic limits where the branch or service franchise is available. If the location falls outside the same, expenses including the transport of product or its spare parts and travel cost of company representative will be borne by the customer.
5. This warranty does not include any state or central taxes, duties, octroi, GST which may be levied on parts or products supplied during the repair.
6. Grotto will not be liable for any damage caused to the product or spare part during transit or handling for repair. Grotto also does not warranty any replacement for damage that is caused by Acts of God.
7. The warranty period will be considered as active only till the end date of expiry of the warranty.
8. No new or fresh warranty will be issued for any replaced product or part used in repair of the product. The original warranty will continue to be in force for replaced products or parts.
9. In the event of non-availability of components or parts due to any reason whatsoever, Grotto will not be liable for any delays that may occur thereof. If the same model or color is not available for the product or part replacement, Grotto will replace the defective product with an equivalent model or color.
10. Grotto retains the right of ownership/possession to any part that may be replaced or exchanged as part of the warranty.
11. The warranty does not cover breakage of the product.
12. The warranty remains valid only if the product has been used in accordance with the instructions specified in the terms of the warranty. The warranty is null and void if the product has been incorrectly installed, improperly or negligently handled, tempered/misused in anyway, exposed to poor quality water or inappropriate water pressures as defined by Grotto. In addition, malfunctions caused due to improper care or cleaning and breakdown arising due to any external reason other than manufacturing defect are also not covered under the warranty.
13. Grotto is not responsible for labor charges, installation or other incidental or consequential costs as may be applicable.
14. Warranty does not cover any consequential or resulting liability, damage or loss to property or life, arising directly or indirectly out of any defect in the Grotto product.
15. This warranty is applicable only for Grotto sinks and faucets sold in India.
